

Peace of mind for you... Freedom for them.

Enhance your in-home care with
our **SmartCompanion**.

A breakthrough hands-free phone and video calling system.

- **"Alexa, call my son"** instantly connects on a video or audio call.
- Provide a list of preprogrammed names to your installer to make calling easy!
- Family members can use any modern smart phone to connect to video calls (no additional equipment needed).
- With this system, no more annoying robo or telemarketing calls.
- A dedicated Customer Care Specialist will train you – and your family!

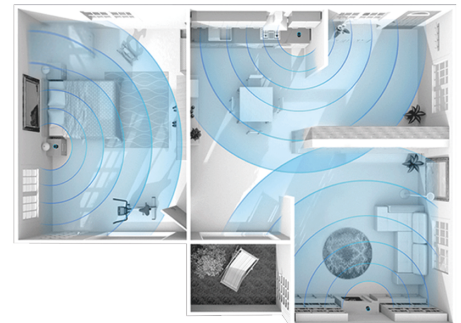

A voice-activated medical alert device.

- Connect to our **urgent response** center 24/7.
- No wearables required. Simply say, "Alexa, call for help."
- Emergency calls are answered within an average of 8 seconds by a trained urgent response operator.
- Emergency point of contact is notified when EMS is dispatched.
- SmartCompanion has a battery-backup base that works with your Smart Router during power and internet outages.

A Virtual SmartCompanion!

- Alexa is always ready with fun and useful skills.
- She can remind you to take medications, tell you the time and weather and so much more.
- Our team will provide training to teach you until you are comfortable.

**Our Exclusive Personal
Emergency Response System**
gives you home-wide coverage.

More reasons to love your SmartCompanion

Increase your independence

- **Say what you need!** For example, "Alexa, remind me to turn off the oven."
- **SmartCompanion** can create shopping lists, remind you of appointments, birthdays and like your own assistant, available whenever you need her, 24/7

Easy Set-up and Installation

- The system comes with the appropriate **connectivity for your home.**
- Set up is a breeze! Open the box and call our dedicated Customer Care Specialist. They will walk you through installation and training.

Personalized for you

- SmartCompanion is **tailored just for you** and customized to work in your living space.
- We are able to program the system with your most used names and numbers. Easily call your **family, pharmacy, doctors**, or even your favorite **food delivery restaurant.**
- Edit your phone list anytime.

Entertainment anytime you like

- Your SmartCompanion offers all the fun and engagement of Alexa.
- Jokes and story telling.
- Meditation and relaxation exercises.
- Music of choice.
- Local news stories.

Privacy protection guarantee

- Anonymous
- No more spam or robo calls.
- Can meet HIPAA compliant privacy
