

VETASSIST PARTNERSHIP INFORMATION

Increase Your Client Census Among Veterans & Their Spouses

Who Qualify for VA Aid and Attendance Benefits

The VetAssist Program was designed to assist eligible veterans and their spouses in accessing a Department of Veterans Affairs benefit to help pay for the care they deserve. The VetAssist Program adds value to your client relationships and differentiates your agency from competitors.

Through partnerships with home care providers, the VetAssist Program facilitates access to VA home care dollars, allowing providers to gain or retain clients who may otherwise struggle to afford their services. We help clients stay in compliance with VA regulations for the maximum allowable pension, ensuring they receive quality care while remaining in their homes.

Our VetAssist® Program Partners play a crucial role in assisting wartime veterans and surviving spouses, enabling them to cover home care expenses through the "Aid & Attendance" pension.

Our difference makes a bottom-line difference.

- ✓ We **get care started right** away by offering all clients our **0% interest-free loan**.
- ✓ We help more veterans and spouses qualify for the **maximum benefit amount**.
- ✓ The **average length of stay** for a VetAssist client is longer than a typical home care client. Research shows improving client retention by as little as 5% can improve your profit 25% or more.
- ✓ Nearly **15% of our clients use additional private pay hours** at regular rates and terms.
- ✓ This unique business started in 2003 and scaled to: **22,000+ clients** served with **4,500+ providers** nationwide.
